It must have been an interesting and gratifying sight on Monday last, as Frank Wharfe, the leader of the Ellenfield Hunt, was the candidate for the post of steward of the Agricultural Society of Middleton. He was a worthy choice, for he has always been a great support of the Society, and has always taken an active part in its proceedings. The meeting was well attended, and a large number of friends were present to give their support to Mr. Wharfe. The vote was carried by a large majority, and he was unanimously elected as steward. The meeting then adjourned.

**The Lenticular.**

Mr. A. Dixon, President of the Agricultural and Protection Society, in his address, said that he was glad to see so many friends present to support the work of the Society. He said that the object of the Society was to improve the agricultural and pastoral conditions of the district, and to promote the welfare of the farmers and farmers' sons. He said that the Society had been in existence for many years, and had carried on a good work. He said that the Society was now in a flourishing condition, and that he was confident that it would continue to do good work in the future.

**Summer on the Moss.**

Down on the beach when the sun sets high
And clouds a-hanging on the sky,
The sea is calm, the wind is low,
And all is still save for the lullaby.
