G ASSOCIATION.

The annual meeting of the Barnard Castle Primitive Methodist Union took place on Monday, May 22nd, at the Union's headquarters. The Rev. R. Clemitson, who has been serving in the area for several years, was elected as the new chairperson. The financial report presented at the annual meeting showed a slight increase in funds collected, with £93.6s.6d. being reported, compared to £92.3s.3d. brought forward from the previous year. Ten percent of the funds collected were allocated to the Aid Fund and the Women's Missionary Auxiliary Fund.

ASSOCIATION.

An interesting note to the attendance at the annual meeting was the contribution made by Miss Nixon, Mrs J. Walker, and Miss Hastings, who offered a heartfelt welcome to the congregation. The association was founded 21 years ago and has since grown to include hundreds of members across the district.

It is necessary to enable Nurse Miss Nixon, Mrs J. Walker, and Miss Hastings to whose funds she is connected, to continue her work in the community. The committee at the meeting expressed their appreciation for her dedication and hard work.

SALES OF WORK.

There was a good attendance at the annual meeting, and a barn dance was performed after the proceedings. The financial result of the present effort would be substantial, and it is necessary to enable Nurse Miss Nixon, Mrs J. Walker, and Miss Hastings to whose funds she is connected, to continue her work in the community.

Lecture by the Rev. A. E. Galt.

In the evening, the Rev. A. E. Galt, Bishop Auckland, presided at the lecture. Mr T. Addison proposed a vote of thanks to the Rev. A. E. Guile, for his stirring address, which gave the congregation a better understanding of the importance of Church work as adjuncts of Church work, pointing out the necessity for all who are interested in village causes.

HARRY WALTON.

The Barnard Castle Primitive Methodist Union held a session on the life of Harry Walton, a well-known local character. Harry was a passionately religious man who dedicated his life to helping others. His legacy continues to inspire those who knew him and those who heard of his generosity and kindness.
