February

Early in the year, as the lambing season advances, farmers devote special care to their sheep. They look forward to a good fall of lambs and hope that weather and other conditions will prove favourable. In times of anxiety such as these the farmer can always be assured that his financial affairs are in safe hands if he has an account with the Midland Bank. His needs will receive sympathetic and helpful consideration from the Manager of his local branch.

Midland Bank Limited

have others at an early date to complete the party. Mr. Potts said your Ford car is devered it will more you've had to wait. Always area covered by this discussion group, the majority having large is first in value-con stant in performance. Despite overseas obligations, orders can be booked. Why not in an after discussion on the proposed outing several thought ome in and discuss it— atter think ahead, avoid the short holiday would be well ment later. **OUIS SMITH** B. W. Crawford, the popular vicar
