

Moment of take off . . .

. . . and flat out a split second later, with a side view of the same position shown on the right, a fraction before Catherine hits the water.

### CATHERINE BRINGS HOME GOLD AND SILVER

Catherine White, the 16 year old Startforth swimmer, returned home at the weekend with her most important haul of medals to date — a gold, two silver and a bronze from the Scottish open long course championships in Edinburgh.

She reached the final of every event she entered in the championships, in which she competed against the top British swimmers and many from overseas.

She took the gold in the junior ladies 100 metre backstroke; silvers in the senior ladies backstroke at both 100 and 200 metres; and bronze in the senior ladies 200 metre individual medley.

Now there is a good chance that she'll be chosen for the British team in the B international against Italy and France at Blackpool at the end of August.

Her next big event before that is the British long course cham-

ionships at Leeds on 6th August.

Catherine trains six days a week and usually competes on the seventh. Most days she swims under the supervision of her parents, Ralph and Daphne White, who are both swimming coaches, but she also travels further afield for advanced coaching.

Most of her training is done in the small Green Lane School pool in Barnard Castle, where the pictures above were taken.

CATHERINE WHITE

### CHURCH CROWDED FOR FUNERAL OF MR KEVIN (BIMBO) GILBERT

### 70 gather to say farewell to Lorna Beadle

More than 70 colleagues gathered at a retirement presentation for Miss Lorna Beadle (seen here with Mr Richard Upton, head of the injections and topical department) who had worked at Glaxo for 35 years. She came to the company after spend-

ing four years in the A.T.S. during the war where she attained the rank of corporal. She started work as a packer and reached the position of senior supervisor in the I.T. department. She was showered with gifts, bouquets, photographs and signatures from well-wishers.
