News EXTRA...News EXTRA... Unit set up for high risk criminals

AN experimental unit, set up in January to track the movement of "high risk" criminals and believed to be the first of its kind in Britain, has now become a permanent feature of policing in County Durham.

The small team of detectives and senior probation officers is tasked with monitoring dangerous criminals, registered sex offenders and others thought to pose a serious risk to the community.

So far this year the team has made detailed risk assessments on nearly 170 registered sex offenders, seven murderers released from prison on licence and 50 others considered to be "dangerous."

BARNARD Castle police are investigating two break-ins on Monday evening - one in the town when two whisky bottles filled with coins worth some £80 and a black wallet were stolen, and the other in **Staindrop** when a large quantity of electrical goods, jewellery and riding gear were stolen.

POLICE searched the area around Kirkcarron, Middleton-in-Teesdale, on Saturday after a Gelert Nevis II tent, containing a red blanket, pillow and clothing was found, having apparently been abandoned for at least 10 days. No trace of the owner has been found.

THIEVES stole £180 worth of diesel fuel from a lorry parked in Middleton-in-Teesdale on Wednesday night last week. Another vehicle nearby was tampered with.

FOUR alloy wheels and tyres were stolen from a Vauxhall Carlton car parked in Winstone Road, **Staindrop** on Tuesday night last week.
